

Year 2 – Spring term Homework Grid

Geography

Where did the Titanic set sail from? Did it stop anywhere on the way? What can you find out about these places?

DT

Build your own version of the Titanic out of materials you can find in your home! Could you recycle a cardboard box to make the main body of the ship? Use toilet roll tubes for the chimneys?

Art

Search for images of New York's skyline to show what people travelling to America on a ship might see.

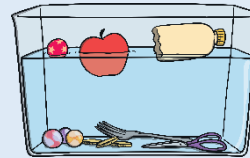

Maths

Find out simple number facts about the Titanic, for example:

- How many passengers were on board?
 - How long was the ship?
- How many lifeboats there were?
 - How many people survived?
- How many funnels did the Titanic have?

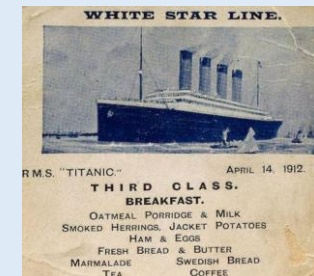

Science

Explore sinking and floating. Use materials around the house to invent something that will allow a £1 coin to float.

Health & Wellbeing

Create a menu for dinner on the Titanic.

PSHE

Write a 'Happy Me' fact file.
What makes you happy?
Who makes you happy?
A place that makes you happy.
A song that makes you happy.
A book that makes you happy.
An activity that makes you happy.

English

- Design a poster for The Titanic
- Design a ticket for the Titanic

RE

What makes somewhere special?

This term we will be learning about special places for different groups of people and religions. Your task is to think of somewhere you think is special. Draw a picture of this place and write a few sentences about why this place is special to you.
