

### Geography

We will be investigating cold areas of the world using simple atlases. We will learn about the weather, climate and animal life of Antarctica.

We will be thinking what would somebody have to pack if going to a cold destination?

### English

In English we will be retelling the story of Lost and Found; an exciting adventure about somewhere cold. We will be getting into character and writing letters from the South Pole.

### PE

We will be continuing with gymnastics inside. Outside, we will be learning to attack, defend and shoot.

### Computing

Drawing Maths— The children will learn some great drawing skills, master an art app while exploring shape, numbers and problem solving.

### Science

We will be looking at different material names. Wood, plastic, metal, fabric, glass.

We will look at different objects and talk about what materials they are made from and talk about the properties of each material e.g. is it smooth or hard?

### DT

We will be learning about wheels and axles. We will make our own moving vehicle for the penguin.

### Maths

We will be learning about part, part whole. We will learn that a whole can be represented by a group of objects. A whole can be split into parts.

### PSHE

We will be talking about what rules are, caring for others and looking after the environment.

### Music

In Music we will be learning the song In The Groove, adding instruments, composing and performing.

### RE

We will be talking about our special places. We will look at Churches and Synagogues being a special place to the Christians and Jewish community.

## Antarctic Explorers

### Year 1—Spring Term 1

### Pupil Action Project/RRS/Global

#### Goals

Our mission in year 1 is to reduce and recycle plastic stationery around the school.
