

Geography

In Geography we will be looking at maps and drawing maps of our local area.

Science

In science we will be looking at the human body and labelling its parts.
We will also learn about the 5 senses .

DT

In DT will be making our own fruit smoothies.
We will plan, make and evaluate . We will practise chopping, peeling , grating and blending.

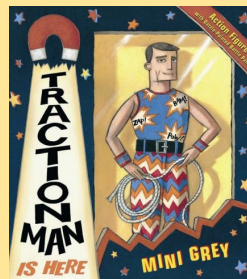

English

After receiving a mysterious gift at the start of term containing the classes very own Traction Man, we will follow Traction Man's exciting adventures in the house and garden, sink and bath. We will invent our very own superheroes and create our own illustrated comic books documenting their adventures around the school.

Superheroes

Year 1 Summer 1

Children will be learning all about Superheroes and will be on the hunt for their very own Trac-

Maths

In maths we will learning about addition and subtraction facts .
We will also be learning about numbers 0-20, which will include doubling, halving, and problem solving.

PE

In P.E we will be carrying on with dance and performing it to the class. In outside PE we will be practising throwing, and catching.

PSHE

In PSHE we will be talking about staying safe online. We will also be talking about and naming our body parts and which parts belong to us only.

Computing

In this unit children will learn about the different parts of a computer and iPad. They will learn new skills, tips and tricks.

Pupil Action Project/RRS/ Global Goals

Our mission in year 1 is to reduce and recycle plastic stationary around the school.

RE

In RE we will be learning about values and commitments. We will look at different friendship stories and discuss what makes a good friend.
