

### Maths

How many different shapes can you find at the seaside? Shells and stones can be all kinds of shapes!

### English

Can you write a fact file about your favorite sea creature? You may be inspired by something you have seen on our school trip to the Sealife centre!

### Wellbeing

Make a gratitude rock. Find a rock at the seaside and paint a beautiful picture on it so that every time you see it you will think of something to be grateful for.

## Year 2 Autumn 2

### Antarctic Adventures

#### Topic map

### Outdoors

Take a trip to the beach! Go on a senses walk to see what you see, hear, smell and can touch.

### Geography

Can you make a seaside inside a jar? Use a jam jar and fill it with sand on the bottom. Draw a picture of the seaside for the background and add some water!

### History

What did people do at the seaside in the past? Do some research or interview a family member to find out what has changed between then and now on our beaches.

### Art and DT

Can you make an observational drawing or painting of the seaside?

### Science

What is a food chain? Can you draw a food chain for animals or mammals that live in the ocean.
