

# HOME LEARNING: Reception Class, Summer Term 1

## Communication and Language

Go on a minibeast hunt in an outdoor area and TALK ABOUT what you SEE and HEAR.

## Physical Development

Practise developing your scissor skills by cutting pieces of paper to make a minibeast picture/collage. Can you cut straight lines, curved lines?

## Personal, Social & Emotional Development

Minibeasts are very HELPFUL creatures, e.g. worker bees look after the queen bee. What things do you do at home that are kind and helpful?

## ***Garden Adventures***

***What is a minibeast?  
Where do minibeasts live?  
How can we help minibeasts?***

*If your child would like to share any of their home learning, we will always celebrate this in class.*

*They can either bring it into school, or you can email us at*

*[reception@gladwin.brighton-hove.sch.uk](mailto:reception@gladwin.brighton-hove.sch.uk)*

## Literacy

Write a clue about a minibeast, e.g. 'It has 8 legs' and see if someone in your family can read it and work out the answer.

## Mathematics

Butterflies have a symmetrical pattern. Create your own symmetrical butterfly.

## Understanding the World

Go litter picking in your local area and show how much you care for local wildlife. Remember to wear gloves and never pick up glass or anything sharp!

## Expressive Arts and Design

Use playdough / clay to create your own minibeast—real or imaginary.
