

Summer term

Homework

English

Can you read another Roald Dahl book and write a book review about what you've read!

Maths

Practise your 2s, 5s and 10 times table on TT Rockstars!

Also, you could practise telling the time by writing a schedule of what you do at different times during the day.

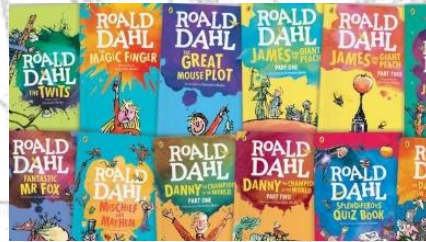

We will also be learning about measurements. How many things at home can you measure? Weight, length, capacity and time. Can you think of any others?

Music

What's your favourite song? Can you move to the pulse of this song?

DT

Get a slice of bread – can you divide this into halves, quarters and thirds? Which one of these would make the best sandwich?

Art

Draw or sketch a picture of the street that you live on. Think about what perspective you might want to draw it from?

Geography

Make a map which shows your route from your house to Peter Gladwin school. Remember to include the key landmarks and road names if you can!

Science

Plant a seed at home and keep a diary to see how tall it grows! How could you measure the length of the plant?

Take lots of photos so that we can see how your plant grows!

PE

Get practising for Sports Day! You might want to go to the park and practise running and jumping!

PSHE and well-being

Go on a signs of Spring walk! What can you spot?

History

Do you know someone who has lived in Portslade for a long time? Could you interview a neighbour or relative about how Portslade has changed over the decades?

RE

Teach one of your grown ups at home about what happens in the creation stories of Judaism, Islam or Christianity.

Computing

What are the key words we've learnt in Computing this term?

Write definitions for: debugging, algorithm, programme and any other key vocabulary you can remember!
