

Geography

We will explore Earth's continents, oceans, and rivers using maps, globes, satellite images, and videos.

Science

We will be learning about the different parts of the body and how they work together. We will also learn about important organs such as the heart, lungs, and brain, and understand their functions in keeping us alive and healthy.

Design Technology

We will learn how to design and make healthy smoothies. We will also learn how to use utensils safely and correctly, and understand the difference between fruits and vegetables.

English

We will carrying on with Curious Quests. The books we will be reading are Little Red, Rapunzel and Hansel & Gretel. The children will be exploring these books and writing in many different styles such as lists, poems, short stories.

Once Upon a Time

Year 1 Summer 1 2026

Maths

We will learn about addition and subtraction, using the correct vocabulary such as addends, sum, and subtrahend. We will also explore and practise number facts within 20 to build confidence and accuracy.

RE

We will be exploring friendships and what makes our friends special to us. We will talk about the qualities of a good friend, such as kindness, sharing, and listening, and how we can be good friends to others.

PSHE

We will learn how to keep our bodies healthy, and a visit from a dentist will help deepen our understanding of how to take care of our teeth and overall health.

Computing

Children will use technology to classify mini-beasts. They will then make their own David Attenborough style nature documentary.

Music

We will be finding the pulse as we listen to music, , clapping the rhythm and playing instruments. The children will also be having harmonica lessons with Richard.

PE

We will be learning how to run, jump and throw using safe movements and fun activities. We will also be learning how to send and return a ball by throwing, rolling and catching.
