

HOME LEARNING: Reception Class, Autumn Term 2

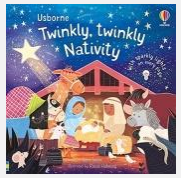

Let's Celebrate

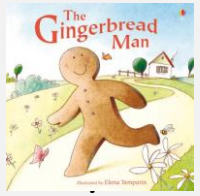

What is a celebration?
What do I celebrate?
What are some special things that happen during celebrations?

If your child would like to share any of their home learning, we will always celebrate this in class.
They can either bring it into school, or you can email us at reception@gladwin.brighton-hove.sch.uk

Communication and Language

Bring in (or email) a photo of you at a celebration (birthday, wedding etc).
Can you explain to your friends what happened at the celebration?

Physical Development

Make and decorate a celebration paper chain.
With a grown up and child-safe scissors, cut strips, curl them into loops and glue together.
How long can you make your paper chain?

Personal, Social & Emotional Development

Set up a pretend party for your toys.
Make a place for everyone and choose some fun games to play.

Literacy

Make and decorate a card for someone.
Can you write 'to' and 'from' by yourself?
Don't forget to put your name in the card so they know who it is from!

Mathematics

Bake some Gingerbread people at home.
Can you help measure the ingredients?
How many have you made?
Are they all the same size?

Understanding the World

As the days get colder take a winter walk and use your senses to see what you notice about plants, animals and the weather.
Take some photo's or draw a picture to share with the class.

Expressive Arts and Design

Use playdough to make a celebration meal / feast.
Which special foods and treats have you made?
